

Speed, productivity and low TCO

User-friendly, eco-friendly and cost-efficient, this device supports the print needs of busy offices. For larger workgroups, our space-saving designs can expand from a desktop model to a 45ppm, five tray floor standing powerhouse.

Boost your productivity

The fast CPU ensures the SP5200DN sprints into action: 7.5 seconds to first-page print out after warm up, and print at continuous speeds of 45 ppm. Easy paper handling saves time and helps make office life easier. With a 550-sheet input tray and a 100 sheet bypass tray as standard, these models also have the option to add on an additional four 550 sheet trays, meaning they can expand up to a maximum of a 2850-sheet input.

Well connected

The SP5200DN provides easy connection to your network with simple, time-saving driver installation. Full @Remote compatibility provides real-time remote support for performance monitoring and diagnosis management to boost efficiency. While our optional genuine IPDS™ module streamlines your print workflow for smooth document handling and minimised management costs.

SP5200DN

High performance and feature packed

Highly productive and user friendly black & white laser printers.

Easy on the environment

Sustainability is a strong part of our heritage, and is a key element of every part of our company. From manufacturing to distribution, business sites to recycling. Maximising efficiency is a firm commitment, and that's why the SP5200DN is Energy Star compliant. Duplex printing, all-in-one toners and low power consumption also help to save energy and expense.

SP5200DN

SPECIFICATIONS AND INFORMATION

High performance and feature packed

GENERAL

Print speed:	45 ppm
Warm-up time:	20 sec or less
First print speed:	7.5 sec or less
Duplex:	Automatic
Dimensions (WxDxH):	411 x 435 x 400 mm
Weight:	less than 23 kg
Power source:	220-240V, 50/60Hz
Power consumption:	Max 1400W or less
Energy saver:	5W or less

CONTROLLER

Processor:	533 MHz
Resolution:	up to 1200 x 600 dpi
Memory:	256 MB (Std) / 768 MB (Max)
HDD:	80GB (Std)
Printer language:	PCL5e/6, PostScript 3, IPDS (Option)

CONNECTIVITY

Interface:	Ethernet 10BASE-T/100BASE-TX, USB 2.0
Network protocol:	TCP/IP (IPv4, IPv6), Apple Talk, Bonjour, IPX/SPX (requires Netware option)
Supported environments:	Windows XP Windows Vista Windows Server 2003 Windows Server 2008 Windows 7 Mac OS (v10.2 or later) Novell Netware (v6.5 or later) (Option) Unix SAP R/3 (3.x or later)

PAPER HANDLING

Paper input capacity (80 gsm):	
Std:	550 sheets
Bypass:	100 sheets
Max:	2850 sheets
Paper output capacity:	up to 500 sheets
Paper size:	A4 - A6
Paper weight:	Std/Opt: 52 - 220 gsm Bypass: 52 - 220 gsm Duplex: 60 - 163 gsm

OTHER OPTIONS

- HDD 80GB
 - 550 sheet paper tray¹
 - 550 sheet paper tray with casters¹
 - IPDS option
 - Netware print option
 - IEEE 802.11a/g interface unit
 - Gigabit Ethernet Board
 - IEEE 1284 Interface Unit
 - 256 MB/512 MB memory option
 - VM Card
1. Please consult your local Lanier supplier for configuration options.

3 YEAR WARRANTY

Lanier's award winning range of colour and black & white laser printers come with a standard three year on-site warranty. This sets a new industry benchmark in Australia. We are proud of our excellent reputation in customer service. You can feel confident that in the unlikely event that you encounter an issue, Lanier will quickly and easily rectify it. Our contact centre is available to assist you for the life of the printer's warranty and if an issue cannot be resolved over the phone. If an issue cannot be resolved over the phone, and depending on where you're located, Lanier offers either a return to base (RTB) replacement with 'like for like' or onsite service.
