Where space is at a premium, our compact A4 black & white multifunctional printers – the SP5200S and SP5210SR are ideal. They deliver 4-in-1 printing, copying, colour scanning and faxing* to meet all your document needs. Packed with features usually expected only from larger printers, these units are solid performers. Your busy office or workgroup will have fast, affordable and versatile devices that can expand from desktop models to mighty four-tray, floor-standing powerhouses.

Boost your productivity

Time is money, and our devices waste neither. With a 7.5 second first print speed, you have a copy in less than 10 seconds after machine warm-up and with print speeds of 45 ppm on the SP5200S and 50 ppm on the SP5210SR, you can step up your workflow significantly. Both devices also intuitively detect paper size, handle a wide range of paper weights from 52 – 220 gsm, are capable of colour scanning and consistently deliver superb quality reproduction.

Versatile and flexible

The standard configuration offers a single tray with 550 sheet capacity, which is great for either a desktop or a small office environment. Larger workgroups can extend the devices with three further paper trays to a maximum 2300 sheet capacity for different paper types. The SP5210SR also includes an inner finisher that can staple for superb professional results.

Compact print power with 4-in-1 functionality

Highly productive and user friendly black & white laser printers.

Easy on the environment

Sustainability is a strong part of our heritage, and is a key element of every part of our company. From manufacturing to distribution, business sites to recycling. Maximising efficiency is a firm commitment, and that's why these devices are Energy Star compliant. Duplex printing, all-in-one toners and low power consumption also help to save energy and expense.

3 YEAR WARRANTY

Lanier's award winning range of colour and black & white laser printers come with a standard three year on-site warranty. This sets a new industry benchmark in Australia. We are proud of our excellent reputation in customer service. You can feel confident that in the unlikely event that you encounter an issue, Lanier will quickly and easily rectify it. Our contact centre is available to assist you for the life of the printer's warranty. If an issue cannot be resolved over the phone, and depending on where you're located, Lanier offers either a return to base (RTB) replacement with 'like for like' or onsite service.
