

# HP OfficeJet Pro 9730 Wide Format All-in-One Printer

Print and scan in wide format like a Pro.

Say hello to the wide format professional colour inkjet printer for your growing business from the World's #1 Printer Company, paired with the easiest-to-use print app. Print and scan up to A3 with extra performance features.<sup>1,2</sup>

This printer is intended to work only with cartridges that have a new or reused HP chip, and it uses dynamic security measures to block cartridges using a non-HP chip. Periodic firmware updates will maintain the effectiveness of these measures and block cartridges that previously worked. A reused HP chip enables the use of reused, remanufactured, and refilled cartridges. More at: <http://www.hp.com/learn/ds>
