Advance your security with HP Wolf Pro

Performance

Maximum color performance for the small workteam¹⁷

Sustainable printing

Achieve more while using less energy

Maximum productivity in full color

Compact design with groundbreaking performance, true-to-life colors, and sharp details. High-speed, double-sided color printing at up to 35 ppm, and self-healing Wi-Fi®.^{1,7}

Speed and shortcuts to keep your teams moving

Step up your workflow with blazing fast speed to meet high-demand environments.

Look professional on every page with high-quality printing, true-to-life colors, and sharp details.¹

Support your business workteam with this compact, high-performing, color printer, ideal for up to 10 users.

Connect your way. Choose between Ethernet or self-healing, dual-band Wi-Fi that helps you to stay on-line.⁷

Ultimate productivity with MFP features

Scan both sides with a single pass. Dual-sided scanning allows your MFP users to get more done in less time.

No PC or driver required.

Expand your capacity

Tailor this printer to the needs of your business with an optional 550-sheet paper tray, and spend less time in loading paper with a 900-sheet maximum input capacity.

Seamless management

Set up and manage your Color LaserJet Pro from a single dashboard, onboard users, track toner levels, monitor security and control settings from any location.²

HP Smart Admin

Centralize your print business HP Smart Admin easily adds and updates devices, solutions, and policies.⁴

Smart Admin Dashboard

Smart Admin makes it easy to manage your cloud-connected HP printers anywhere, through a single dashboard.³

Self-heal Wi-Fi[®]

Avoid interruptions with Wi-Fi^{®7} that intelligently looks for the best connection to stay on-line⁴

Cloud connection

Connect your printer fleet. Robust features and smart tools help your people do more, wherever work happens.

HP Wolf Pro Security

Advance your security with the legendary HP Wolf Pro Security, instantly embedded and preconfigured out of the box.

HP WOLF SECURITY

Out-of-the-box ready

Get printer fleet security out of the box. Preconfigured settings mean it's ready when you are.

Secure setup

Validate before you operate. Secure setup uses boot code signature before powering on.

Optional PIN/pull printing

Add a layer of security. PIN/pull option authenticates your print jobs only when you're present.

HP Security Manager

Strengthen and simplify compliance. This upgrade applies your business policies across the fleet.⁹

Regular updates

Get ahead of potential security risks. Routine updates help you stay resilient against the latest threats.
